

Awards

We have 7 students in our class.

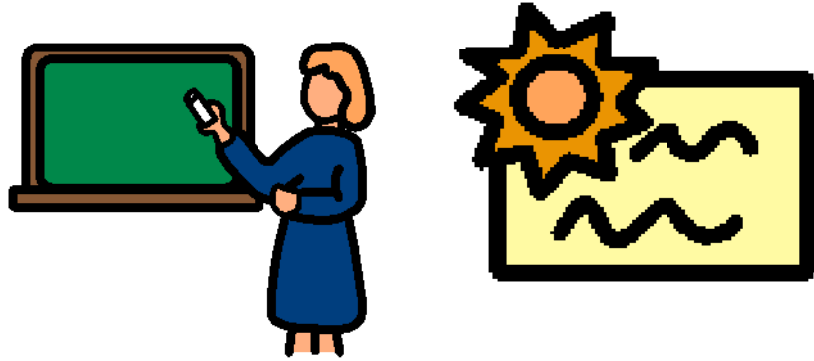

7

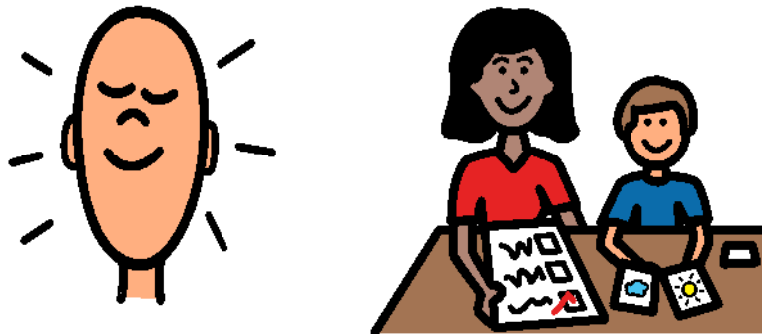

Everyone does lots of good work.

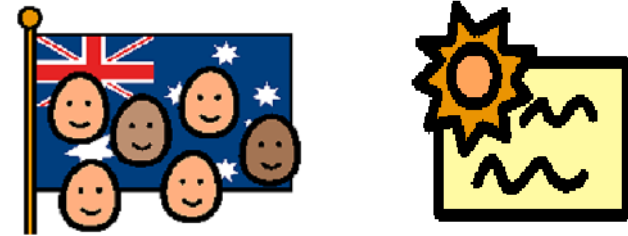

My teacher thinks everyone
deserves an award.

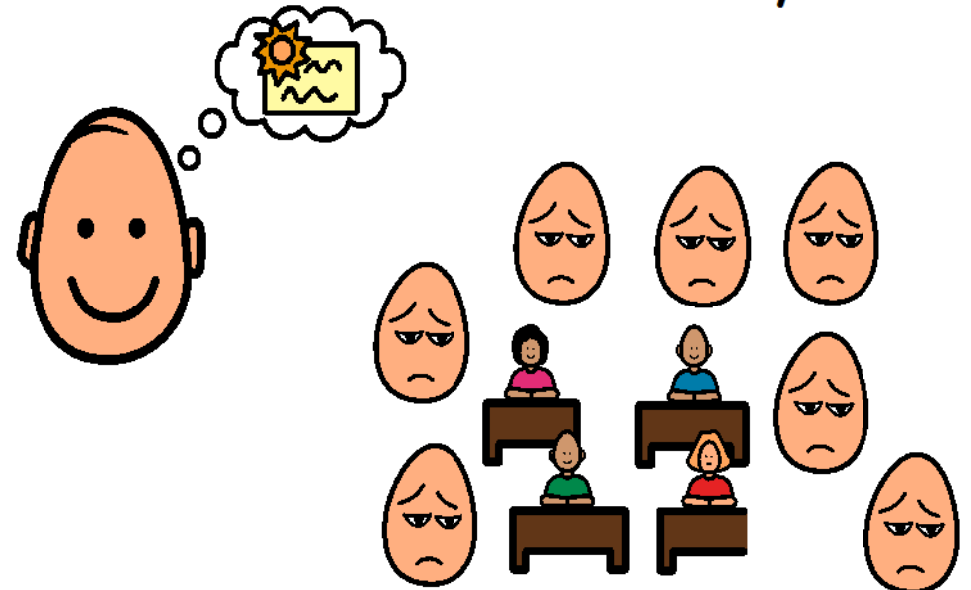

It makes them feel proud
of their work.

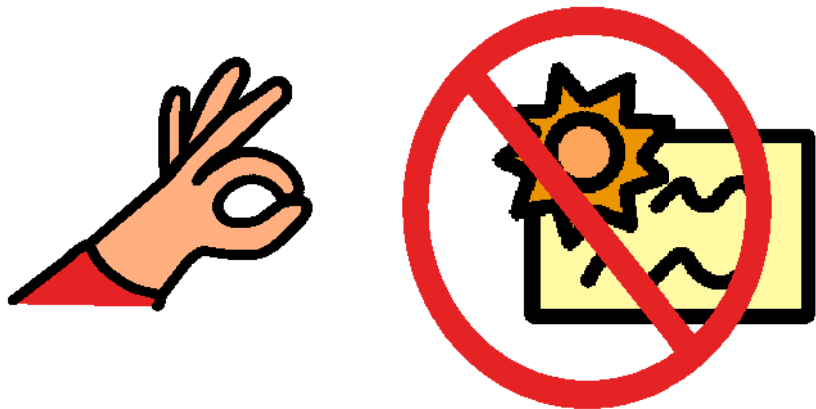

I think I deserve an award at
every assembly too...

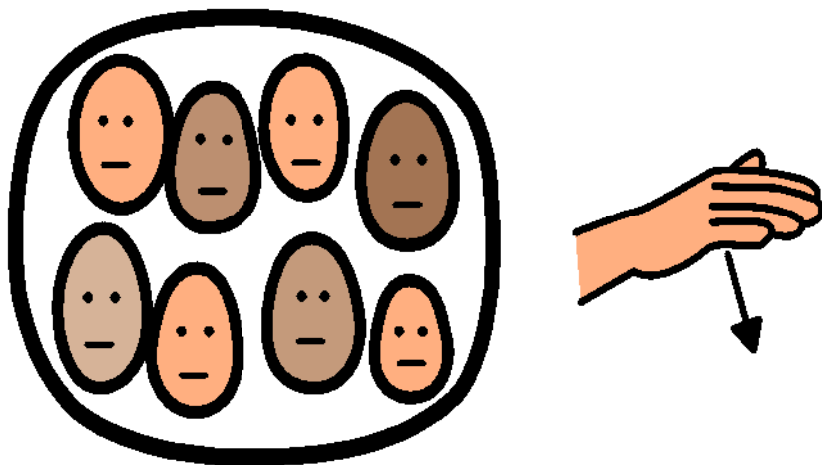

...but that wouldn't be fair
to the other students in my class.

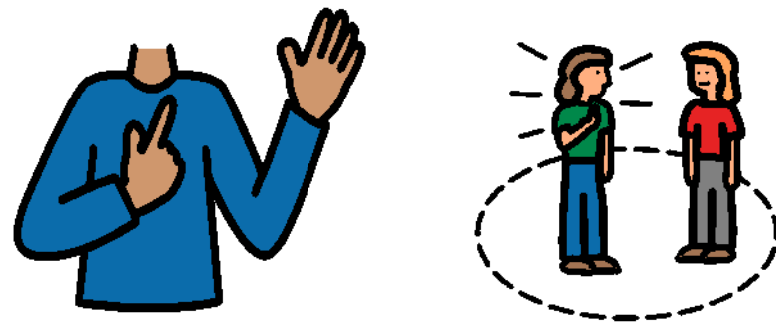

It's okay not to get an award
everytime.

We all have to wait until it
is our turn to get an award.

Some days it will be my turn.

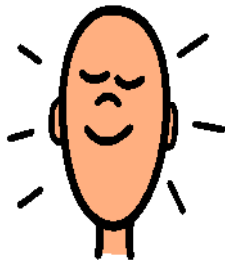

Some days it will not be my turn.

I will try not to get upset when it is not my turn.

I know I do good work and my teacher is always proud of me.

If I don't get an award, I can stop and think that it might be my turn next time.
